INDEPENDENT CONVENTION

OPENED AMID LOUD AND ENTHUSIASTIC CHEERING.

Members Show Every Sign of Loyalty . . to Their New Stand and of Political Faith—Hearst in Great Favor for Nomination.

Chicago, July 27.—Amid loud and enthusistic cheering and with its members showing every sign of loyalty to their new standard of political faith, the first national convention of the Independence party was opened tonight in Orchestra hall. The main floor of the hall was filled with delegates. The galleries were crowded with a throng, which entered heartily into the spirit of the proceedings and throughout the night applauded vigorously whatever met their approval.

A few minutes after 8 the delegates trooped into the hall, New York heading the column. Delegates from the Empire state bore a white banner bearing "Independence Party," between the words being evenly balanced a scale signifying exact justice to all. Other delegations carried national colors and they waved them back and forth in greeting as they found their allotted positions in the hall. New York cheered every other delegation and other delegations cheering New York, then they cheered each other and then themselves until the hall rang again and again. The demonstration lasted several minutes and continued some time after the delegates were in their seats.

The entrance of George W. McCaskerin, whom Illinois delegates are supporting for the Gubernatorial nomination, was a signal for cheers. "for the next governor of Illinois." This outburst had scarcely subsided, when the arrival of Hearst started a delerious demonstration. The hall was in an uproar as he mounted the steps leading to the platform. He took no notice of the demonstration, but after remaining on the rostrum about three minutes in consultation with the secretary of the convention decended into the body of the hall, taking a seat with the New York, delegation. His action was a sign for renewed cheering and yells, shouting "Hearst, Hearst," immediately started on parade around the hall, chanting continuously the name of the New York editor. The parade continued several minutes before quiet was restored.

Milton W. Howard of Alabama, took the gaval and introduced Chas. A. Walsh of Iowa, secretary of the provisional national committee, who read the call for the convention. Father O'Callahan of Chicago, delivered the invocation. Howard then announced the names of temporary officers of the convention. Mention of the name of Hearst was received with an outburst of applause and Hearst, when he mounted the rostrum, was given an uproaring welcome. When quiet was restored he began his address as temporary chairman of the convention, speaks as follows:

"This if the first national convention of the Independence party. Whether it shall prove a historical event or merely a passing political incident depends upon the wisdom and patriotism with which we shall deliberate and act. I believe we will do service to our fellow citizens second only to the inestimable service rendered by the founders of this government if we shall found a party which will remain unfailingly faithful to the cause of the plain people, to the principles of the declaration of independence and to the fundamental American ideas of liberty, equality and opportunity for all. I believe that if any party is necessary in this country to preserve the government as our fathers framed it, a new party is necessary; if any party is necessary to promote progress and prosperity to encourage the honest business man, and protect the honest working man a new party is necessary; if any party is necessary to represent typical American citizens to constitute the people in their struggles with tyrannical monopolies which constitute trusts, a new party is necessary.

"The Republican party," he said "is an avowed hand maiden of trusts. It seconds those who would rescue it, repudites those who would reform it and glories brazenly in its profitable infamy.

"The Democratic party is merely envious of its sordid sister's ill gotten finery. It upbraids her at one election and imitates her at the next.

The Republican leaders are political attorneys of trusts, representative in public life of those giant corporations which have superseded the people in this republic as a source of power and seat of authority.

"The Democratic vanguard is a Falstaff's army. It is lead by a knight arrayed in a motely of modified professions and compromised principles of altered opinions and retracted statements."

Hearst here mentioned Sullivan, Hopkins, Murphy, Taggart, McClellan, Ryan, Belmont, Bailey, Williams, describing them as officers of the Democratic vanguard and designating them in uncomplimentary terms.

"Assuming that Bryan himself is all his most ardent admirers claim him to be, still a man in known by the company he keeps and no decent Democrat can tolerate his free companions.

"No honest citizen can let down the bars of office to such an Ali Baba's band of boodlers and bravos. No prudent citizen will support a combination to which Taggart supplies the candidate and Parker the platform for which Ryan will pay the freight and the people pay the penalty."

He urged his party to take a liberal stand toward legitimate business enterprises, but to distinguish between legitimate business concerns and "those criminal concerns which plunder protection."

"It is a legitimate and proper function of the government to promote conditions that will increase wealth and bring about just by distribution of wealth, that will secure increased profits for honest business men and insure a fair division of profits for honest working men."

He urged his party "to be intelligently and courageously constructive, not merely obstructive, like the Republican party, nor destructive like the Democratic party." The Republican platform, he declared, says nothing and means nothing, and that it is obviously a product of a party whose sole purpose is to stand pat and whose whole desire is to stay out. The Democratic platform, he admitted, contains some good and original things, but the original things are not good and good things are not original. It was built by political jackdaws who feathered their nests with plums of others, without an understanding of their significance or intention as to their performance.

"It is the habitation of a hermit crab which has no shell of it own and invades the first convenient one without regard to property or propriety.

"It is a platform, too, of reconcilliation and retraction, attonement and apology, harmony and hypocisy, for in compliance with a former compact Parker has pronounced peace, Bill Bailey has poured Standard Oil upon the troubled waters, and Bryan has killed not only the fatted calf, but the goose that laid the golden egg.

"No man can serve two masters, and no man can conciliate conflicting elements of the Democratic party. He who tries must serve one and deceive the other, must make public pretense to the people and private compact with the trusts."

He urged that the platform of the new party will be made so clear and sincere that every one will have confidence in the party's intentions and that men be nominated "whose lives and deeds are a guarantee of the genuineness of their attitude—pledge of sincerity of our profession."

Rueben P. Lyon, New York, was called to the chair and directed the secretary to read the membership of various committees. There were no contests for seats and business before committee, except that on resolutions expected to be largely perfunctory.

After address by C. A. Windle, of Chicago, the convention adjourned until tomorrow afternoon.

After adjournment, the convention rules committee met and adopted a rule limiting speeches to five minutes. The sub-committee entered immediately upon consideration of the platform. It is not expected report will be made to full committee before noon tomorrow.

BRYAN AT OMAHA

Is Cordially Received at a Flag Raising—Idea of a Republic.

Omaha, July 27.—Bryan was the principal speaker at a flag raising here today. He was enthusiastically received. His speech was mostly of local application. In closing he paid a tribute to the flag. In that flag he said is presented that Idea of government which combines national sovereignty with the preservation of local self government, the greatest idea of government that has been presented since the original lead of self government, was enunciated that idea of separate communities, independent in their local affairs, and yet united in matters of national importance that is the safety of our republic. There is no area of territory to large for a republic like that.

Preserve its idea of a state taking care of its domestoc affairs and the United States representing the states acting together and you can spread the idea definitely; but without these two ideas both preserved, a great republic is impossible.

Bryan, tonight, was admitted to themysterious mysteries of Knights of Aksr Ben, an order composed of business men in Omaha and Nebraska. A large number of Lincoln business came to Omaha to visit and witness the initiation.

CANADA'S HOPE.

Isaac Powers ofthe Jacksonville Packing company has left at the Journal office a copy of the Daily Mail of London, England. Much space is given to presenting the claims relative to meats. An effort is being made to withdraw the embargo on the importation of Canadian live cattle. Canada resents the prohibition as an importation upon her cattle. The trouble arose over the statement which had been made that Canadian cattle had foot and mouth diseases. The asking for the removal has beenF more active since shortage of supplies raised the price of beef.

WHERE THEY PLAY TO DAY.

Keokuk at Jacksonville.
Waterloo at Ottumwa.
Oskaloosa at Kewanee.

Jacksonville and Keokuk mixed for the second game of the present series yesterday afternoon before a fair sized Monday crowd. Before the game was called there was hardly a person present that did not give Jacksonville more than an even chance to win. In the first place the Keokuk team is a patched up affair. Behringer and Lemon were out of the game and in place of the former Hagel, the regular third baseman, was put on second, where, by the way he played a good game. In Lemon's place Pa Belt, who is far from being fit just at present, officiated and got along well, though we did steal three bases on him. But the old man's head showed up in the winning. That Keokuk bunch was playing on its nerve yesterday and got away with it. The loss of the great Burch does not appear to have disheartened them a bit. Bramble was their artist yesterday and while the score gives him one more hit than was secured off O'Hearn, he performed the feat of striking out ten of the Lunatics and he did not appear to be in any too good form either. Jacksonville lost because they could not hit at the right time. There were several chances to tie if not to win out, but not once was the needed hit forthcoming. Then there was some simon pure hard luck mixed up in that game. Jacksonville tried her best to win, but just couldn't do it. The luck broke square against them. However, the credit of winning really belongs to the Indians as they outgeneraled the locals and fought for the game under odds that would have put a less resourceful manager out of the running and they won fair and square, as the story of the game will show. It was a most interesting game in spots and pretty poor again. Reynolds was again on the job and had a strenuous time of it, but he really umpired a good game. Most of the kicks were on balls and strikes. The star batter of the day was Miller, the elongated Keokuk first baseman, who got a double and two singles and scored two of the Indian's three runs. Meloan did the best batting for Jacksonville, getting three, but Roland crowded him closely with two to his credit. The story of the run getting is told as follows:

Keokuk was the first to score. In the second, after the usual two were out, Miller was served a slow floater and sent it out for two bases. Pa Belt was up and what do you think the old man who learned the game under Con Strouthers did to that ball? Well listen and ye shall hear. He met it squarely on the nose and before it could be fielded in was roosting on second and Miller was over with the first run. Bramble ended the inning by striking out. They clinched the game in the fourth. Wilson hit and was sent to third on Miller's second hit. Then Pa worked that old play that he and Sunny Jim Hackett used to have down so fine, the squeeze, scoring Wilson and Miller, who was on second when the play started, came on in and was safe when Townsend dropped the return throw from first. Here were three runs to our none. But it was in the fourth that our turn to score came and that we didn't get more than enough to tie is a measley shame. Just see how it all happened. Roland, first up, got a hit. He attempted to steal, but Pa's aim was true this time and Hill got the put out. Then Hughes got a base on balls and a single by Meloan put him on second. Fisher hit to Hill, who threw to second to get Meloan, but Hagel let it get away and Hughes was over with our first run and Meloan took third. Then Gray and Meloan worked the squeeze for run number two. Fisher had stolen second, but was left there when Townsend hit an easy roller to Hill and was thrown out at first.

Keokuk did nothing after the fourth, but Jacksonville made a desperate effort to tie in the ninth and came within an ace of doing it, but the needed hit never came. Here's the details of the ninth. Gray singled. Townsend hit to Bramble, who threw wild to second in an effort to get Gray. Nobody out and two on bases with the crowd yelling like mad. But Berte popped up one to Belt. O'Hearn's fly went to Wilson. There was still a chance, but Morris struck out. The score:

SUNDAY GAMES.

Jacksonville failed to annex Sunday's game on account of the pitching of Burch and the excellent support his team gave him. Burch was hit on one of his fingers with a fly ball and Williams finished the game. Blausser was also out of the game for Jacksonville with a sprained ankle. The visitors made their first run when Hagel singled to right field and went on to third when the ball got by Meloan. Lemon singled to center and Hagel came in home. The other run was made in the sixth, when singles were made by Hagel and Reichle and a fielder's choice. The score:

ORGANIZATION NECESSARY

TAFT GIVES CAUTION AGAINST OVERCONFIDENCE

Address the Joint Meeting of Ohio Central and Executive Committee—The Statu sof Senator Foraker to be Decided.

Cincinnati, July 27—Taft addressed the joint meeting of the Ohio central and executive committee today, identifying himself closely with the state campaign and making it plain that whatever had been done by Arthur I. Vorys and other state leaders had been recognized and approved by him. Just what is to be the status of Senator Foraker at the opening of the convention at Youngstown, Sept. 5, is to be decided by a special committee of the state executive committete. But it was stated the committee would consider the Foraker matter in three aspect. Whether to invite Senator to speak unconditionally, to invite him on condition that he indicates in advance the position he is to take, or not to invite him. No prediction could be obtained as to which of these courses would be pursued of as to the probable report the committe would make Taft in his speech cautioned his hearers against overconfidence, and pointed out that in opposition had an experienced leader and that it would be imprudent to belittle in forces that leader has behind him. He insisted that thorough organization was absolutely necessary.

GIRL ASSAULTED

Police, so Far, Are Unable to Make Anything of the Victim's Story.

New York, July 27.—Whether Adolia Stechel of Brooklyn is the victim of her lurid imagination or whether the 17-year-old girl was the victim of two kidnapers who lured her into a boat, assaulted her and left her to drown in the lower bay is the question that today is agitating the entire Brooklyn detective force. A score of plain clothes men have diligently searched for clews on the story told by Miss Stechel, but, as yet, have received no information tendering to strengthen the girl's harowing story.

According to the story told by the girl, two men accosted her last Saturday evening and when one told her to follow and make no outcry, she did as she was bid without dissenting. The two strange men led the way to the foot of the pier at Fiftieth street where the girl was then, according to her story, gagged and tied fast to the gunwales of the craft. After a row of over two miles, the men stopped, untied the girl's arms and removed the gag in her mouth. The men then assaulted her and threw her overboard. The col dwater soon restored the girl to consciousness, and, being a good swimmer, she struck out for the lights on a distant pier. There clinging to a rope, trailing in the water from o boat, policemen found the girl later, unconscious.

TOO POOR TO HAVE PARADE.

Hard Times Have Hurt Workingmen in St. Louis.

St. Louis July 27.—Because they are too poor to bear the expenses of the affair, no parade will be held on Labor Day this year by the unions of this city. Announcement was made to day of this decision by the central trades and labor union. In discussing the proposal to call off the usual parade, representatives of several unions explained that the recent "hard times" greatly injured workingmen. Several delegates went so far as to declare labor has nothing to celebrate this year. A picnic will take the place of the parade.

BABY DROWNED; MOTHER ILL.

St. Louis, July 27.—Utterly prostrated by the death of her five-months-old baby, Lena, who was drowned in a bucket containing less than five inches of water, Mrs. Thomas Melton is to day seriously ill. Little Lena, in catching at her nursing bottle as it slipped from the bed, fell headlong in to the pail. Her body became wedged there and was not discovered for two hours.

OUR WATER SUPPLY.

The following communication has been left with City Clerk Davis for presentation to the city council. The company claims to have been ready within the limits of their contract and have been and are now ready, at an hour's notice, to deliver the water in sufficient quantities to comply with the requirements of their franchise.

To the Honorable Mayor and Members of the City Council, of the City of Jacksonville, Ill.

Gentlemen: The Jacksonville Water Works company has received, through the city clerk a copy of the record of the city council at its meeting on July 22, 1908, wherein it took action with reference to the communication of this company of July 18, 1908, to the effect that "it be received and placed on file until the company comes before the council and asks for an extension."

With reference to such action this company desires to say that it was ready, willing and able to comply with all the terms of its contract with the city of Jacksonville within the time granted by the ordinances of the city, and is now, and therefore has no occasion to request a further extension of time. If the city desires further time for investigating the capacity of the company another question is presented, which might be the subject of negotiation, but the city has made no such request.

If the present position of the city council is adhered to this company sees no other course that can be pursued to protect its rights than to resort to the courts.

Yours respectfully,
Jacksonville Water Works Co.

HOT-WEATHER DIARRHEA
In the summer people of all ages are very subject to "running of the bowels." Germs get into the food or water, find their way into the intestines and keep irritating them so that there is a constant desire to have movement. It is very weakening, destroys appetite, disturbs sleep and produces an itchy feeling that many suppose to be piles. There are many "quick cures" for this aggravated form of dysentery, but they usually contain a narcotic, and that is dangerous. Others try salts and laxative waters, but they have no permanent effects. It takes a remedy with ingredients such as are combined in Dr. Caldwell's Syrup Pepsin to drive out the trouble-causing germs, to clean out the intestines, to strengthen the stomach and enliven the liver. Ordinary remedies cannot do this, but it is a well-known fact that Dr. Caldwell's Syrup Pepsin does do it. Thousands use it every summer for this very purpose. It is unquestionably the greatest laxative for young and old, and the most perfect digestive regulator that can be obtained. Go to your druggist today and buy a 50 cent or $1.00 bottle and see what it will do for you. It is guaranteed to do what we claim or money will be refunded. It is the surest cure for the least money that you can get. It is so gentle in action that a child can take it, and yet effective enough for the strongest. It has enabled thousands of families to cure themselves of simple ailments and prevent the more serious ailments. If you have never tried Dr. Caldwell's Syrup Pepsin and wish to do so, send your address for a FREE SAMPLE BOTTLE to

DUNKARDS CEASE TO BE DUNKARDS

At Conference Held at Des Moines Name Is Changed to the Church of the Brethern.

There is no longer any Dunkard church. It is now the Church of the Brethren. At the conference held by the Dunkards of German Baptists in Springfield in 1906 a committee of three was appointed to decide upon a name and report to the next general conference. This conference has just been held at Des Moines, Ia. The committee reported in favor of giving the name "Church of the Brethren," and this report was adopted. All of the churches in the country will now change their name accordingly.

Ever since its organization years ago there has been a confusion regarding the name of the sect. In some localities they were called German Baptists, which was the original name. In other localities they were called Dunkards or Dunkers and in still other places they were known by the name of Brethren. The churchmen realized this too, and that caused them to decide in some way to effect a change in name.

The names were all objectionable for some reason or other. The name German Baptists was decidedly misleading. While a great many of the members of the church are Germans or Pennsylvania Dutch, there are quite as many of their members who cannot understand a word of German and their services are always conducted in English.

The name Dunkard or Dunker is not at all significant and any one will admit that a prettier name might be selected.

Taken all in all, it was decided that no name could better apply than the Church of Brethren.

The Dunkards made a strong impression on Springfield people at their biennial conference at the state fair grounds in 1906. People who had never heard of them before attended their meetings, listened to their simple but eloquent sermons, heard their singing, saw the quiet and attractive faces of the women under their plain bonnets, and went away believing that there were some good people in the world.

Besides their peculiar dress, the sect is remarkable for some of its customs, notably foot washing. The old custom established by Christ is adhered to by this sect as religiously as is the sacrament of the Lord's Supper by other churches.

The Modern Bank

Without the modern bank there would be no safe depositories for money, no way to transact business except by cash, and the efficiency of a greatly diminished circulating medium would be reduced fully ninety per cent.

Close the banks and our great industries would cease, commerce would languish.

Depositors make modern banking possible. Without depositors the bank would close and general stagnation would result.

The bank depositor therefore makes prosperity possible and directly contributes to the welfare of everyone in the community. Even the man who keeps his money in his sock is benefited by the modern bank.

NOTES.

Will Try New Managers.

Two of the best known managers in the business have had to bow to the inevitable and it's now ex-manager in the case of both Snapper Kennedy and Harry Bosse. The latter got his Saturday morning and Mr. Kennedy about the same time. Shortstop Kensel has taken up the reins relinquished by Snapper and the task is going to prove a hard one for him. The Kewanee directors have not selected a successor to Bosse, though there are several applicants for the job. Tommy Copeland and Short Stop Burg are among the applicants. The fans in the two cities mentioned told the directors that they wanted a change and their request was heeded. We fail to see where either team will benefit much. While Kensel is a fine player, managing a team is something different from playing the game. Unless Kewanee has a better man in view it seems futile to expect any improvement under present conditions with the management in the hands of a "committee." But we wish them better luck, nevertheless.

* * *

Blausser is still on the bench with his lame ankle. In the meantime Morris is showing his versitility by holding down third in fine style. Gray is playing center and thus demonstrating his value as utility man.

* * *

In one respect Umpire Reynolds shows improvement over his first appearance here and that is in firmness in dealing with the players. He makes his decisions respected. Now that Newhouse has quit Fred will doubtedless stay on the job. The supreme test will come when he umpires at Quincy. That town has been the hardest on umps of any in the circuit this season. Neither Eckman, Guthrie, Bush or Newhouse satisfied there, if newspaper criticisms are to be believed.

* * *

Red Corriden is another cracker jack third baseman of whom this association can boast. Is there a minor league in the country that can show a better array of third sack talent than Pennington, Mackey, Hartman, Donavan, Corriden, Hagel, McGuire, Blausser, Morris and Rourik? Show us.

* * *

Earl Akers, of Quincy, who was the star twirler for the locals last season, now traveling for a firm in Quincy, was in the city Monday on business. It was rumored yesterday that Earl has promised to pitch for the locals during his two weeks vacation. Akers gets his vacation next Monday and if he would spend the two weeks with the Lunatics it would mean much to the team, as Earl is in the pink of condition. Fans who have seen him pitch for the Quincy Elks, claim he is in better condition at present than last season. He pitched for the Quincy Elks Sunday against the Louisiana team in the latter city and won his game, the score being 2 to 3 in favor of the Elks. The fans would welcome Akers back again, as he was a favorite last season.

* * *

The Boland team went to Virginia Sunday where they crossed bats with the strong team of that city and were defeated by a score of 10 to 5. The batteries were Boland, Bates and Toussaint; Virginia, Widmayer and Bullard. The game was lost by the Bolands by errors.

* * *

Noe won his first game for Kewanee Sunday. He is the hard luck pitcher of the league and this was his first victory in sixteen games. After the game he was given a shower of silver.

* * *

Rube Burch left last night for his home in Keokuk, Ia., and it will be several days before he is in the game again.

* * *

There ought to be a large crowd out to the park this afternoon, as it is ladies' day.

* * *

For the first time this year Burlington leads the percentage column. It begins to look now as though the pennant race will be between Burlington and Quincy.

Rainey of Carrollton will deliver his illustrated lecture on the deep waterway. A horse show will be held during the day and there will be an athletic contest, which should afford much pleasure. MRS. LYMAN KENT RECEIVES INJURY

Suffered a Dislocation of Ankle in Accident Which Happened at Nichols Park Last Night. Patient was Taken to Passavant Hospital.

On Monday evening about 8 o'clock, Mrs. Lyman Kent, suffered a dislocated and severely sprained ankle while attempting to jump from a buggy in Nichols park. Mr. and Mrs. Kent had been to a family picnic, held on the south side of Morgan lake and were returning. The horse had become restless because of the passing of several automobiles and was behaving so badly that by the time the approach to the bridge over the lagoon was reached, Mrs. Kent desired to alight and let her husband drive the refractory animal across. When the horse was stopped, he immediately began backing, almost overturning the rig. Mrs. Kent attempted to jump over the wheel and struck the ground in such a manner as to turn her ankle, spraining it severely and dislocating the joint.

Help was sent for immediately, but the phone was out of order at the Vickery & Merrigan stand, so a messenger was sent to the city. It was an hour and a half before a doctor arrived upon the scene. Mrs. Kent was taken to Passavant hospital and placed under the care of Dr. C. E. Cole and Dr. J. W. Hairgrove. She was given an anesthetic and the ankle was replaced in its socket. She will be unable to use her foot for several weeks.

Some unknown lady was thrown from a rig near the Alton tracks could be obtained as to the accident.

The length of time it took to procure medical aid for Mrs. Kent is pretty good argument in favor of putting a phone in at the park and keeping it in working order. Any place where great numbers of people congregate is sure to be the scene of frequent accidents. A phone ready for public use at all times would lessen the liklihood of a serous accident becoming a fatality.

QUARTET GAVE CONCERT.

A male quartet composed of C. A. Rowe, Philip Read, William S. Phillips and Oliver Mason went to the home of George Blackburn, four miles north of the city, Monday evening and gave a short concert for the benefit of Mr. William Blackburn, who has been ill for some time.

Every man who buys straw hats of Frank Byrns will get a bargain.

HAD NARROW ESCAPE

Leroy Stine Had Close Call at Illinois Bridge Company by Falling of Ponderous Steel Trusses.

Leroy Stine, of Roodhouse, was painfully, though not seriously injured shortly before noon Monday, while working at the Illinois Steel Bridge company's plant, by the falling of two 1,500-pound steel trusses, one of which struck him in the small of the back, knocking him down and scratching and bruising his back. He was one of a gang of six who were transferring completed steel bridge trusses from the shop to the yard, on the small cars used in moving steel. The trusses were upright on the car, supported by heavy chains. One of the chains worked loose in some way, and while the car was rounding a curve the load swerved and began to fall. Stine, who was helping push the car, tried to get out of the way, but was too late. He was knocked down and would have been crushed had the trusses fallen entirely to the ground, but they only fell to the level of the floor of the car, leaving about a foot clear. This was all that saved the man's life. The men of the "bull gang" with whom Stine was working, eased away the menacing trusses and hauled him out of danger. Dr. George Baxter was summoned and cared for the injured man, who was removed to his home in Roodhouse Monday afternoon. He expects to be back at work in a few days, as soon as the soreness is gone from his back.

GOOD MUSIC.

is greatly enjoyed by every one. Get in the ring and attend the band concert at Nichols park to night in an outfit from Cherry's livery.

LIVE STOCK VISITORS.

C. M. Miller of Mt. Pleasant, Ia., who is with the Breeders Special of St. Louis; A. F. Oviatt of Bloomington, who is with the Journal of Agriculture of St. Louis, and J. V. Cotta of Galesburg, with the Daily Live Stock World of Chicago, arrived in the city last night. The gentlemen are out in the interest of live stock and took the automobile method of traveling for their different papers rather than use the railroad. They were in a Buick machine and already have traveled over 2,500 miles. They will leave here in the morning for Springfield and from there will go to St. Louis. They were the gentlemen interested in the great sale at Eldon, Mo., last year, when forty-three, ten-months-old pigs were sold for $25,000, bringing an average of $585, the top pig bring the large sum of $5,125. This pig had a litter of six and the entire lot was sold for $13,160. They expect to travel a great part of Iowa and Ohio before the fall opens.

I AM A MOTHER

How many American women in lonely homes to-day long for this blessing to come into their lives, and to be able to utter these words, but because of some organic derangement this happiness is denied them.

Every woman interested in this subject should know that preparation for healthy maternity is accomplished by the use of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Maggie Gilmer, of West Union, S. C., writes to Mrs. Pinkham: "I was greatly run-down in health from a weakness peculiar to my sex, when Lydia E. Pinkham's Vegetable Compound was recommended to me. It not only restored me to perfect health, but to my delight I am a mother."

Mrs. Josephine Hall, of Bardstown, Ky., writes: "I was a very great sufferer from female troubles, and my physician failed to help me. Lydia E. Pinkham's Vegetable Compound not only restored me to perfect health, but I am now a proud mother."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

PRIMARY ELECTION

Will Be Held at Regular Polling Places—Manner of Voting—Election Not Confined to Names on Ballot.

Place of Holding.—The primary is to be held at the regular polling places.

Precinct Defined.—A "precinct," in the primary act, means a voting district, within which all qualified primary electors vote at one polling place.

Hours—The polls must be open from 6 o'clock a. m. to 5 o'clock p. m.

Proclamation.—Upon opening the polls, one of the primary judges must make proclamation of the same. Proclamation must be made thirty minutes before the polls close that the polls will be closed in half an hour.

Ballot Boxes Opened.—Before voting, the ballot box must be emptied, and it must be opened and shown to those present to be empty. It must then be locked and the key delivered to one of the primary judges; and such ballot box must not be removed from public view from the time it is shown to be empty until after the close of the polls.

Qualification of Voters.—To vote at a primary, a person must be a male citizen of the United States, of the age of twenty-one years or upwards, must have resided in the state one year, in the county ninety days, and in the precinct thirty days, next preceding the primary.

He must have not signed the petition for nomination of a candidate of any party with which he does not affiliate when such candidate is to be voted for at the primary.

He must have not signed the nominating papers of an independent candidate for an office for which office candidates for nomination are to be voted for at the primary.

Applying this to the primary to be held in August, 1908, if a voter has signed a petition requesting that an independent candidate for governor be placed upon the official ballot to be voted for at the November election, by thus signing the nominating papers of such independent candidate, he disqualifies himself from participating in the primaries of any party.

He must have not voted at a primary of another political party within the period of two years next preceding a primary.

Manner of Voting—Upon entering the polls, the voter must state his name, his residence and his party affiliation.

One of the judges in a district tone of voice, sufficiently loud to be heard by all persons in the polling place must make announcement thereof.

If the voter is not challenged, one of the judges must give him one primary ballot of the political party with which he declares himself affiliated.

Upon the back of the ballot thus handed the voter, the initials of the judge must be endorsed.

If the voter is challenged he will not receive a ballot until he has established his right to vote.

The challenged voter is required to make and subscribe to an affidavit in the form prescribed by section 46; in addition to the affidavit of the voter, the affidavit of one householder of the precinct, and a qualified primary voter in the precinct, is required to be given. The form of the householder's affidavit is also given in section 46.

Upon receiving the ballot, the primary elector should retire alone to the voting booth. The voter must not mark his ballot in the presence of the election officials, but must mark it in the booth.

The primary elector indicates his choice of a candidate by marking a cross (x) in square in front and opposite the name of each candidate of his choice for each office to be filled, except precinct committeemen. There will be no circle at the top of the ballot, hence the primary elector must single out each office and the candidate of his choice under each office and indicate his choice by placeing a cross in the square opposite the name of the candidate for whom he desires to vote. He must make a cross in the square. Under each office, there will be printed directions on the ballot as to the number of candidates to be voted for. The voter must not vote for more candidates under any office than he is directed on the ballot to vote for. If he does, his vote for that office will not be counted.

The primary elector is not confined in his choice to the candidates whose names are printed on the ballot. He may vote for any other candidate of his party whom he desires to have nominate. To vote for a candidate whose name is not printed on the ballot, the name of such candidate may be written under the proper office. To indicate his choice, he must put a square to the left of his thus written in, and must put a cross in the square. It the voter simply writes the name on the ballot and does not put a square and a cross in the square, the name of the person thus written in is not entitled to be counted. To fully indicate his choice, the voter must put a square to the left of and opposite the name thus written in and a cross in such square. He cannot attach the name of a candidate to the ballot except for precinct committeeman.

After having indicated his choice for candidates, before leaving the booth, the primary elector should fold his ballot in such manner as to conceal the marking.

He should then leave the booth and hand the ballot thus folded to one of the primary judges.

The primary judge must then deposit the ballot in the ballot box.

Each of the primary clerks must thereupon enter the names, residence and party affiliation of the voter in the primary poll book.

Spoiled Ballots.—If a voter spoils a ballot while voting, he should return the spoiled ballot to the judge and the judge should give him another ballot in lieu thereof.

Assistance to Voters.—If a voter declares, upon oath, that he canot read the English language or that by reason of any physical disability he cannot mark his ballot, he must, upon request, be assisted in marking his primary ballot in the same manner provided by the general election law.

Section 24 of the Australian ballot act provides that assistance shall be rendered by two of the election officers of different political parties, to be selected from the judges and clerks of the precinct in which they are to act, to be designated by the judges of election in each precinct at the opening of the polls. Such officers must mark the ballot as directed by the voter and thereafter give no information regarding the same. The clerks of election must enter upon the primary poll books, after the name of any primary elector who received such assistance in marking his primary ballot, a memorandum of the fact.

Intoxication is not regarded in law as a physical disability.

Adjournment.—After the opening of the polls, no adjournment can be taken or recess had until the canvass of the vote is completed, and the returns are enveloped and sealed.

VOTERS ATTENTION.

The colored voters of Jacksonville are requested to meet at the Yates headquarters on the southeast side of the square to night at 7:30 for the purpose of organizing a Yates club. Music will be furnished by Mallory Brothers. All voters are invited to come and take part in the organizing.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every muscle, nerve, bone and joint absorbs the acrid, pain-producing poison, causing aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism cannot be expected from the use of liniments, plasters, and other external treatment which does not reach the blood, where the cause is located. Such measures give temporary relief, but in order to cure Rheumatism the uric acid and inflammatory poison must be expelled from the blood. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes down into the circulation, neutralizes the uric acid and drives it from the blood. S. S. S. expels the irritating, inflammatory matter which is causing the pain, swelling and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe, vegetable remedy, possessing the properties needed to cure, and at the same time a medicine that builds up the entire system by its fine tonic effects. Book on Rheumatism and any medical advice free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Chicago Grain Market.

Chicago, July 27.—Wheat—The market opened weak and developed additional weakness as the session advanced. At the outset the market was depressed by continued favorable weather northwest and weak tone of European cables. Later a liberal increase in the movement of new wheat southwest and increase of over a million bushels in the American visible supply caused a still greater weakness. The close was weak.

Corn—The market was affected by a 1 cent diclien in Liverpool and the hot forcing weather prevailing in a greater portion of the corn belt. The market was selling weak. The greatest pressure was on September, which closed 1¼c lower.

Oats—Extremely nervous; prices fluctuated over a wide range. Sentiment in general was bearish owing to weakness of wheat corn and favorable weather for the new crop.

Pains of the Aged

ARE OVERCOME.

Almost daily we hear of people of advanced years whose pains and aches have been overcome, and whose life has been made more comfortable by the use of Dr. A. W. Chase's Kidney and Liver Pills.

Because the liver, kidney, and bowels become sluggish in action, poisonous waste matter is left in the blood, and this brings the pains and aches, the stiff joints, lame back and rheumatism.

Dr. A. W. Chase's Kidney and Liver Pills

Help most promptly and cure most thoroughly on account of their direct and combined action on liver, kidneys and bowels. They are the most popular medicine the famous Receipt Book author ever introduced, and are guaranteed by his portrait and signature on the box. One pill a dose, 25 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

Mr. Sylvester Pappert, 117 South Main St., Shenandoah, Pa., states: "For twenty years I was troubled with constipation and kidney troubles, and could get no relief; since using Dr. A. W. Chase's Kidney and Liver Pills the pains and aches have gone, the action of the kidneys is normal and the bowels regular."

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ANSWERED FINAL SUMMONS

Wilbur Fisk Randle, a Veteran of Civil War, Passed Away—Death of Rev. Addison Jones.

Wilbur Fisk Randle, aged 67 years, passed away Monday morning at 1:30 o'clock at his home, 131 Hardin avenue, after an illness of brief duration. He suffered a stroke of paralysis last Thursday while at the the dinner table, and he never gained consciousness. He suffered the first stroke about two years ago and since that time had not been in good health but he seemed as well as usual until Thursday.

Decedent was born in Lebanon, Ill., Aug. 22, 1841, where he spent his childhood days. He was left an orphan early in life and was the last one of a family of six children to be called home. He was married May 12, 1874, to Ida Harrison of Alton and after their marriage they moved to Roodhouse, where they resided for seven years. They then moved to this city where they have since resided.

Mr. Randle was a soldier of a remarkable record, having served through the entire Civil war as a private in the 14th Ill. regiment, receiving an honorable discharge. He was a prisoner for seven months in Andersonville prison, where he suffered the hardships that are only known to the brave men who experienced them. That he could withstand imprisonment for so long a time, in a prison where the prisoner received such severe treatment, besides the many other hardships met with in war, is nothing less than wonderful, and he never enjoyed good health since.

He also established a record for himself as a workman of ability by having been in the employe of the C., P. & St. L. railway for over 25 years. He started with the road when it was the old J. L. & St. L., when they were extending the road south, as a bridge inspector, and has been employed at the local car shops in the coach department for many years. He was a man that attended strictly to business and his services were highly thought of by the company.

He was a member of the Centenary M. E. church and at one time was a member of the official board. He was a man of Christian character and was highly esteemed by all who knew him.

His kindly disposition won him many friends and he was especially well thought of by the men he worked with, all of whom will keenly feel his passing away. He was also a charter member of Unity Grove No. 132 M. W. A.

He is survived by his wife, one niece, Mrs. Gertrude Powell, of St. Joseph, Mo., and one nephew, Edward Harrison, of Granite City.

Funeral services will be held Wednesday afternoon at the residence on Hardin avenue at 4 o'clock and will be in charge of Rev. Jasper Miller and Rev. B. D. Wiley. Interment will be made in Jacksonville cemetery.

Jeffries' band will be at Nichol's park to night from 7:30 to 10 p. m.
